Johnson Refrigerated Fiberglass Custom Keggers

(Photo)

Johnson has long specialized in the design of custom refrigerated fiberglass double drop frame trailers for delivery of keg beer.

Available in Johnson Premier Body designs.

- Precise digital temperature control
- Easy load double-drop frame trailer design (27 to 36-ft.), or straight body (18 to 24-ft.)
- Scuff liner, protective side walls, reinforced floors and doors for heavy duty service
- 48-in. high diamond plate steel wall and door flashing
- Fork lift pallet loading
- CO₂ cylinder and accessory rack with step below
- 48-in. split rear doors, split and single side wall doors, or Power Platform drop floor
- Hinged keg holders at doors
- Plate blower and rack for empty kegs
- Eutectic cold plate or mechanical blower refrigeration
- Front bumper 2-wheel hand cart rack
- Slide-out, walkup steps/platforms
- Stainless or powder coated hardware
- Easy cleaning/sanitation
- Driver safety:
 - Easy access, less lifting
 - 3-point contact with grab handles and steps
- Safety accessories:
 - Back-up, parking cameras
 - Safety alarms and sensors

- LED light packages
