FOR IMMEDIATE RELEASE

Johnson Refrigerated Truck Bodies Announces New Midwest Territory Sales Manager

RICE LAKE, WI, – Johnson Refrigerated Truck Bodies, (www.johnsontruckbodies.com) introduces the addition of Troy Guider, Regional Sales Manager, to the sales department.

Guider will take over the Midwest territory sales position, that was formerly held by Bob Rath, who retired in October 2011, after 31 years of service. The territory Guider manages includes North Dakota, South Dakota, Nebraska, Kansas, Minnesota, Iowa, Missouri, Wisconsin, Illinois, Indiana, and Michigan.

Guider joins Johnson from Composites One, where he was in composite sales. Guider brings 16-years of industry experience and a wealth of truck body production and composite manufacturing experience to his sales role at Johnson. Eleven years of Guider's career was spent at Johnson Refrigerated Truck Bodies in production manufacturing, which makes him extremely well versed in Johnson's temperature-controlled, composite truck body product line.

"Troy has both the sales acumen and production experience we were looking for when we set out to replace our veteran salesman, Bob Rath," said Tim Griffin, Director of Sales.

Guider is based in Rice Lake, WI.
